
COVID-19 AND CLINIC REOPENING

Hi Everyone,

I am pleased to announce that Yorkdale Integrated Clinic has resumed all services including IV therapy and Acupuncture which will be performed at my discretion on a case by case basis with use of proper protective equipment. Before your visit please contact the clinic by phone for pre-screening questions. Our waiting room will be closed until further notice so please arrive right before your visit. Hand sanitizers and masks will be provided at front desk to each patient if they have not brought their own. Please limit in person visits to maximum of 2 people from the same household.

I again remind everyone to follow the Ministry of Health guidelines:

- Wash your hands often with soap and water (20 seconds or length of time to sing the happy birthday song twice) or use alcohol based hand sanitizer
- Avoid touching your eyes, nose and mouth
- Avoid contact with people who are sick
- Stay at home if you are sick

If you have a cough, fever, and/or difficulty breathing AND you or someone close to you has tested positive for COVID-19 (novel Coronavirus), please avoid attending your visit in person (switch to a telemedicine appointment if possible) and contact your local public health unit for further direction and testing.

To avoid the spread of infection, do not go to a clinic or hospital before calling first and be ready to self-isolate if necessary

THESE PROTOCOLS ARE IN PLACE FOR YOUR SAFETY AND THE SAFETY OF OTHERS.

Thank you and in Good Health

Dr Faisal Allie BSc, MD(IMG), ND #3265
Director of Yorkdale Integrated Clinic
